Herbal Learning Program

**How To Be a Wildly
Successful Herb Gardener**
Planning and Planting a Herb Garden

This publication forms part of the **Bouquet Garni Herbal Learning Program** and is only shared with registered members.

The Bouquet Garni Herbal Learning Program gives you the knowledge and basic skills to turn your ordinary meals into healthy culinary delights.

And there's more. You'll also learn how to grow more and better herbs and vegetables, indoors and outdoors; how to make your own herbal remedies to treat everyday ailments; and how to get the best from each and every herb and veggie you use.

In short: You'll become the knowledgeable herb and veggie guru you've always dreamed about.

And because we realize that information overload is a real problem, you'll get your learning material in manageable bite-sized sessions every two or three weeks. Giving you ample time to master and apply what you've learned in each session.

Best of all is that for a limited time you can **get FREE membership**.

So what are you waiting for?

Register right now! <http://www.herb.co.za/registration.html>

Or **download a sample session** at <http://www.herb.co.za/blog/grow-your-own/>
